

Asbestos Surveys Currently Held by Project Management & Surveying Services:

Type 2 (Standard sampling, identification & assessment) surveys have been carried out on the following properties:

Hard copies are available for viewing / copying, (pending selection of suitable electronic database) should they be required for projects etc.

It is recommended that Surveyors/Engineers responsible for maintenance on the buildings surveyed, acquaint themselves with the survey contents.

The surveys are stored in Project Management & Surveying Services Area. Contact Dave Brazier tel. 7311 or any member of the AMP Team.

Please ensure that the File Allocation Card is filled in when removing or returning surveys.
