The call charges should be significantly lower than they are now for the same level of usage.

From April 2002 until further notice, local regional and national rates will be reduced to 1p per minute with a minimum call charge of 3p

Calls to mobile phones range from approx. 22p to 26p per minute

If you have an alarm line, e.g. Redcare, it must be retained for that purpose, if it is also your present main school number it will be advisable to have the number changed.

**NB. (ALARM, GEL and ISDN lines cannot be connected to Centrex)**

**If you have a contract with another provider, please check cancellation clauses/penalties.**
